Danville Saloon Man's Books Reveal Large Purchases from Dry Fork Company.

BAINES UNWILLING WITNESS

Questioned as to Transactions of Which the Distilling Company Company Kept no Account.

[Special to The Times-Dispatch.] DANVILLE, VA., April 20.—C. T. Baines, a Danville saloonkeeper, was on the witness stand yesterday in the trial of T. M. Angle, the president and manager of the Dry Fork Distilling Company, charged with extensive frauds on the government in the manufacture and sale of stamped spirits. Baines is an involuntary witness for the government, and was put on for the purpose of showing that he had purchased large quantities of whiskey from Angle and the Dry Fork Company, which were not reported in the statements made to the revenue department of the government. The conclusion from this is that the tax was not paid on this whiskey. The books and vouchers kept by Mr. Baines showing the purchases he made of whiskey for the past several years were introduced this morning.

Baines was able to bring his books and accounts before the Federal grand jury during the investigation here last fall, which led up to the indictment of Angle. Baines to-day was subjected to a severe examination by District Attorney Thomas Lee Moore. The district attorney had in his possession the books kept by Mr. Baines, who was asked to explain many transactions. The government alleges that Mr. Baines has during the past two years purchased 146 barrels of whiskey from the Dry Fork Company, and that the books of the latter do not and will not show the sale of a single gallon of this amount to Mr. Baines. It is further alleged by the government that Baines purchased a large part of the whiskey at the price of \$1 per gallon. The government tax alone on whiskey is \$1.19 per gallon. The government claims that it will prove the above allegations by accounts kept by Baines. From present indications it will probably be several days at least before the presentation of documentary evidence by the government will be completed. Only two other attorneys for the defense, J. J. Brettle, Asheville, and R. W. Peatross, who were present at the trial this morning. Mr. Moore is being assisted by Assistant District Attorney S. H. Hogue.

J. J. Drakesford, Revenue Inspector of the United States Revenue Department, and an attorney for the government, placed on the stand by the government late this afternoon. He testified that he had made an examination of both the records of the T. M. Angle and of the Dry Fork Distilling Company and the books of C. T. Baines. The records of the Dry Fork Distilling Company, the concern which has been operated under two names, showed, he said, that only twenty-nine barrels of spirits had been shipped during the past several years by the Dry Fork Company, while the books of C. T. Baines showed that he had received 135 barrels.

What the line of examination to-morrow will be is not known, though it is stated that the government has several other saloon-keepers in reserve as witnesses, whose books will show a situation similar to those of Mr. Baines. The official records of the shipments of the Southern Railway may be introduced to-morrow.

RIVAL IN THE COAL FIELDS.

Virginia and Southwestern Working Out Plans for Big Business.

[Special to The Times-Dispatch.] BRISTOL, VA., April 20.—The Virginia and Southwestern Railway Company, recently completed, and its president, and which has its general offices here, is destined to become a rival of all other railroads penetrating the Southwest Virginia coal fields. It now has under consideration a proposition to purchase the Black Mountain Railway, recently completed, extending from Appalachia, Va., into the rich coal fields of Lee county, Va., a distance of nearly thirty miles, and also the Holston River Railroad, now in process of construction between Moccasin Gap and Persim, Tenn., and connecting at the latter place with the Southern Railway.

The purchase of these two properties, if the deal is consummated, will give the Virginia and Southwestern Company a direct outlet to the great Southern coal-consuming territory, embracing the coal fields of West Virginia, Kentucky, Tennessee, and Alabama.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household care or in social duties, and functions which seriously tax their strength, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much nervous sickness and suffering may be avoided. The operating table and the surgeon's knife would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmful character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments. A big open-air temperance meeting was held here in the City Park yesterday afternoon, and was addressed by Rev. Dr. G. M. Young of Louisville, Ky., and Rev. J. W. Services in the churches here Sunday were of unusual interest. Bishop R. A. Gibson preached in the morning at St. George's Church and confirmed a class, and preached at night in Trinity Church and confirmed a class. Presiding elder, Dr. E. V. Register, preached in the Methodist Church at night, and the Rev. J. W. West, minister of Baltimore, brother of the late Mayor A. P. Rowe, preached in the morning, and Rev. J. W. West at night.

He confessed to being a deserter from the navy after being held for action by the grand jury at a preliminary hearing to-day on the robbery charge. Harris says he deserted at Norfolk in February.

BUT TWO LESS SALOONS.

Thirty-Three Licenses Granted in Lynchburg, Where There Were 35.

[Special to The Times-Dispatch.]

LYNCHBURG, VA., April 20.—Thirty-four of the thirty-five liquor dealers doing a retail business in Lynchburg at the present time were applicants before Judge Christian in the Corporation Court to-day for licenses under which the business is to be conducted during the year beginning on May 1st. All of the applications received favorable consideration at the hands of the judge. One of the applicants, who applied for a license to do business in the saloon conducted by Mrs. M. C. Kegeny, on Twelfth Street, Mrs. Kegeny being unable to secure a license again under the provision of the law which prohibits the issuance of licenses to women. The saloon was asked for a license for the coming year was that of Matron Brothers, on Twelfth Street.

Judge Christian stated to the applicants before going into the consideration of their applications separately that a petition had been filed with him, which was addressed to him personally, and could not be considered.

tionally, and could not be considered in the nature of a contest, as to the crowds of loitering negroes on the sidewalks in front of many of the saloons of the city. This, he said, must be stopped. He suggested to the dealers that this class of people be refused the sale of liquor and that this would enable the dealers to rid themselves of such a class of loafers.

His wife, who was Miss Laura Burgess, of Fluvanna county, and his little child, Kathleen, arrived here yesterday, accompanied by Mr. J. L. GAVE THE MOB THE SLIP.

[Special to The Times-Dispatch.]

BRISTOL OFFICERS ARE SHARP AND GET PRISONERS AWAY ON TRAIN.

[Special to The Times-Dispatch.]

BRISTOL, TENN., April 20.—Albert Johnson, a heavy-set negro about twenty-seven years old, who states that he came here from Bluefield, W. Va., was arrested last Sunday night, on the charge of having held up and murdered George M. Smith, a well-known suburban farmer. A mob of several hundred men had gathered at the city jail, anticipating the capture of the negro, and determined to lynch him. The capture was made in a different part of the city from where the mob was gathered, and the mob was laying its plans. Chief of Police Caldwell and Officer Odell hurried to the depot with Johnson, and upon the advice of Circuit Judge A. J. Tyler, took him to Jonesboro, Tenn., on the midnight train.

Alexander Marshall, a negro companion of Johnson, gave the police the clue. He stated that Johnson told him that he had held a man up for money Saturday night and shot him. Marshall and two other negroes assisted in locating Johnson, who was taken from a shanty on the railroad yards. His companions described Johnson's pistol, and the description corresponds with the pistol found on the scene of the tragedy and now in the possession of the police.

The police would not discuss the charge. There was much indignation on the part of the mob when it was learned that the negro had been spirited away.

DROPPED THE CHARGE; MRS. TYLER IS FREE

Woman Arrested in Maryland for Bigamy Not to Be Prosecuted in Virginia.

HUSBAND ADOPTS COURSE

Wife, Who Has Married Another Man, to Bear Expense of Divorce and Take Children.

[Special to The Times-Dispatch.]

ALEXANDRIA, VA., April 20.—According to information received here this morning, Mrs. Rosa B. Tyler, wife of George W. Tyler, of Woodburn, D. C., who was held by the authorities at Rockville, Md., to answer a charge of bigamy, which was to have been heard in this city, was this morning released from custody. It is stated that this action was taken by the Maryland authorities following a message through Commonwealth Attorney Samuel G. Brent, who, it is said, stated that he did not desire to push the case as long as Mrs. Tyler's husband, George W. Tyler, had announced his intention of dropping the prosecution.

Chief Goods, of the police department, yesterday afternoon received a message from Deputy Sheriff A. R. Hewlett, of Rockville, in which the latter stated that Tyler had decided to drop the charges against his wife, provided his wife would pay all the costs incurred in the case and take care of the children. It was stated that the wife agreed to this proposition. Tyler came to this city Wednesday last, and upon examining the records in the office of the clerk of the Corporation Court discovered that his wife had secured a marriage license here about eight months ago to marry a man named James Hudson, and it was stated that the couple were subsequently married. He at once secured a warrant for the arrest of his wife, and the following day requisition papers were sent for, and a few days ago they were conveyed by an officer to be signed by Governor Crothers, of Maryland, but the latter was at Atlantic City, and the papers were not signed. The woman was, however, being held for the authorities here.

Heard and Seen in Public Places

AM for ex-Senator J. Boyd Sears, of Mathews, and Hon. A. C. Braxton, of Augusta, Ga., in connection with the Democratic presidential ticket in Virginia this fall," said a prominent party leader from the Sixth district, who declared that the "Trinkie" city last night. "I do not believe we could improve upon such a team," he continued, "and I am sure that the honor it will give me great pleasure to support them."

In discussing the matter further the speaker declared that if Mr. Braxton would not accept, he would favor placing Hon. E. Lee Trinkie, of Wythe, or Hon. R. Lee Trinkie, of Wise, on the ticket with Mr. Sears.

Mr. Irvine's record as a stump-speaker of ability has been established, and the same is true of Mr. Trinkie. Senator Sears is easily one of the most polished orators in the eastern section of the State, and he was a strong candidate for election to the United States Senate four years ago. At that time he and Judge Samuel W. Williams, of Wythe, were defeated by Hon. Henry S. George Tucker and former Senator William P. Barksdale, of Halifax. Although the convention will not meet until this morning, the ladies will already felt in the organization and work of the body. No conference has been held by the Republican and Democratic friends of Hon. Samuel W. Williams, and the post will likely fall to him, he is perhaps the best speaker and the most accomplished floor leader in the delegation. It is probable that Mr. Kelley will take charge this morning in the deliberations of the convention.

Commonwealth's Attorney Otto G. Mears, of Northampton, who was a prominent candidate to succeed Judge J. W. G. Blackstone, of the Eleventh judicial district, was a caller at the Law Library yesterday.

Colonel Thomas W. Scott, a prominent tobaccoist of Drake Branch, and former State Senator from Charlotte county, is in the city.

Two prominent Virginia newspaper men were in the city yesterday. They were Messrs. R. P. Barham, of the Petersburg Post-Herald, and H. H. T. Green, of the Culpeper Exponent. Both came on private business, but they were warmly greeted by the Governor and paid their respects to Governor Swanson.

Hon. David Bernard Powers, Jr., of Caroline county, arrived in the city last night, and is stopping at Murphy's. Mr. Powers is in fine spirits, and says he has greatly enjoyed his stay in the country since the strenuous session of the Legislature adjourned. He heads his delegation in the Democratic State Convention at Roanoke, and though there are no instructions, the delegates will vote as a unit, and probably for Bryan. Mr. Powers did not discuss this feature, however, and merely said there are no instructions.

The Caroline lawyer and lawmaker is here to join a party of his friends and colleagues on a little fishing trip in the Dismal Swamp. They will leave here this morning, and will probably be enroute for several days.

Hon. Howell C. Featherston, of Campbell county, is chaplain of the party, and some of the others who will go on the trip are Hon. Joseph Stebbins, Jr., of Halifax; Hon. Harry R. Houston, of Suffolk; Hon. S. Gordon Cumming, of Hampton; Hon. Carl H. Nolting, of Petersburg; and Hon. R. Bolling Wilcox, of Petersburg.

Mr. Marshall B. Booker, clerk of the Senate, came over from his home at Houston last night, and may join the legislative fishing party to-day.

CAPITAL TURNING TO REALTY.

Recent Exchanges Indicate Money Interests in Real Estate Field.

BOSTON, MASS., April 20.—Holladay quiet in the stock market illustrates how business recent trading has been, for there is little change when a rest is declared.

There is a scarcity of stocks offered, and Boston stocks are practically featureless. Among the exceptions have been Telephones and United Fruit. The latter has recently climbed almost to record prices. Officials say the cause is a mystery.

Observance of recent real estate exchanges shows a frequency of names associated with money interests, indicating that capital is turning to this field of investment for use of idle money. Street car loans are quoted at 1-2 and 3-4 per cent, and time money at 4 and 5 per cent. Extensive improvements are shown by New England building contracts since January 1st amounting only to \$19,118,000, against \$26,932,000 for the same period a year ago.

KENBRIDGE'S FIRST COUNCIL MEETING

The Metropolis of Lunenburg County Now a Full Fledged Town.

[Special to The Times-Dispatch.]

KENBRIDGE, LUNENBURG CO., VA., April 20.—The first meeting of the Town Council of Kenbridge was held in the office of the Kennedy-Walker Land and Development Company Saturday night. It was a source of general regret that indisposition prevented the Mayor, Mr. H. K. Bagley, from attending the first meeting. All the other members of the Council were in their seats. They are Dr. W. D. Kendig, J. J. Aiman, E. W. Seny, William F. Kennedy, Theodore Orgain and T. W. Webb. Dr. Kendig was called to the chair in the absence of the Mayor, and Mr. Webb was elected clerk and Mr. W. Monroe Orgain was elected attorney. The bill passed by the Legislature incorporating the town, duly signed by the Governor, was read, and the Council proceeded to business at once. The attorney was instructed to draft ordinances in accordance with the charter, and the matters relating to the building of the town were discussed and measures looking to the guarding of its health and the maintenance of good order were introduced.

Mr. John E. Walker, president of the Kennedy-Walker Land and Development Company, by invitation, addressed the Council, and in a detailed and forceful, yet progressive, yet conservative, plan of his company looking to the building up of Kenbridge and making it a manufacturing and commercial center. Mr. Walker's speech was applauded, and the Council assured him that the body would at all times co-operate with his company and all other agencies looking to the substantial upbuilding of the town.

The Council will hold frequent meetings until the government gets well under way.
